

**1. Emotional Health and Wellbeing** of children and young people is a growing concern nationally. We are keen to support anybody in Sutton to recognise the signs of distress in children and young people and to respond swiftly.

We recommend all parents/ carers and professionals download this excellent children's guide to coronavirus:

[www.childrenscommissioner.gov.uk/publication/childrens-guide-to-coronavirus](http://www.childrenscommissioner.gov.uk/publication/childrens-guide-to-coronavirus)

**2. Research** tells us that open and honest conversations help reduce worry and anxious feelings for children and young people. We recognise that COVID -19 can cause worry and emotional distress: We would recommend that you speak openly about how you are feeling to your parent, carer or to a professional, who will be able to help.
